### Why You Must Attend

The Government of Rwanda is pleased to announce and warmly invite the private sector, government agencies, and members of business associations in Osaka-Kansai, Tokyo, the Yumeshima region, and beyond to take part in a dedicated “Invest in Rwanda Session.” This special event will be held in the aftermath of TICAD9 and alongside the ongoing International Expo in Osaka.

As part of Rwanda’s strategic engagement with Japan, the Rwanda Development Board (RDB), in partnership with the Embassy of the Republic of Rwanda in Japan, is proud to convene this high-level platform. The session will spotlight Rwanda’s dynamic investment landscape, offering a unique opportunity to connect Japanese investors with Rwandan stakeholders through Government-to-Business (G2B) and further engagement with the private sector.

Participants will be introduced to investment-ready projects and deals backed by attractive incentives and a business-friendly environment renowned for its stability, predictability, and transparency. The session is designed to build long-term partnerships, foster new opportunities, and strengthen trade and investment flows between Rwanda and Japan.

Rwanda positions itself as a gateway to the African continent and a competitive hub for global investment. The session will feature Rwanda’s priority sectors, including:

- Agro-processing
- ICT and Innovation
- Manufacturing
- Other high-growth industries

In addition to sector insights, participants will gain valuable knowledge about Rwanda's regulatory framework, market dynamics, and the landmark ease-of-doing-business reforms implemented by the Government of Rwanda. This will also be an occasion to establish a pipeline of partnerships and collaborations for the post-Expo period.

The Rwandan delegation will be led by high-level officials, including the Chief Executive Officer of the Rwanda Development Board, H.E. the Ambassador of Rwanda to Japan, and other senior dignitaries.
